No subscriptions taken for less than one month.

We respectfully ask that our correspondents will forward to the Express messengers, from all points where there are no such facilities, letters giving important news intended for publication.

We make this request with the view of obtaining

prompt such correspondence as frequently falls to

such us through the mail; until it has grown old and

worn out.

This rebellion has failed; there can

be no doubt of it now; but its fate is not

so certain now than it was in the hour of

its brightest prospects. As soon as the Gov-

ernment resolved to put it down its fate

was sealed. The disaster at Bull's Run

didn't alter the case at all. It only infused

a little galvanic life, and inspired the simple

with higher conceit to insure a more signal

victory.

The demagogues split their dupes assured

them that the wide South were resolved to

fight to extermination—a ridiculous lie,

which none but a man ignorant of history,

who believes that man has ceased to be

man, believed at any time.

This rebellion, everybody knows, was not

the work of the Southerners people.

It was a

conspiracy of small men whose party

ambition outran their capacity. They

envied a contempt for the people, because

they had, by the political craft of the cross-

roads and coffee-house demagogues,

tried to cheat the people into trusting them

in place and power. They conceived the

sinister idea of precipitating States into re-

belling.

These demagogues forgot that people are

not machines to be played upon; that how-

ever excited by falsehood, they will take

a sober second thought; and that when

retribution comes, they will be revenged on

their deceivers. That this time would come

was plain enough from the start. A few

disasters of these leaders, here and there a

dispersion of their armies, and the whole

was built on gas tumbles down, and

the conspirators in its ruins. That

is the end of it. It is plainly visible

to the dullest apprehension; but not

so plain as it has been, since the Govern-

ment's laws.

The Abolitionists are a dangerous people!

Once again. They are not a whit more

dangerous than they have been since the

days of Washington, and these demagogues

will do it all the better for it, but the masses

will only perceive the change in their own

enfranchisement. Violence will cease with

the defeat of the rebel armies.

Secessionists expecting success now

reminds us of a vendor of wood, recently

seen with a sleigh-load of that article, ready

to start. "What are you doing with that

'ere?" There isn't no snow," called out an army teamster. To which the vendor in

wet, dollar-and-a-half-per-cord elm replied: "Good God, ain't I expectin' snow

every minute?"

A person who took General Scott the

news of our western victories, asked him

what the government would like to do with

that 'ere?" The answer was, "I expectin' snow

every minute."

The Richmanders say that Col-

porters are circulating tracts in the rebel

camp, with such titles as "Are you ready

to die?" We judge from Floyd, Buckner, and Pillow?

"Hang 'em, of course," was the instant

reply of the old military man.

Word to Country Readers.

The Democrat was not sent to mail-subscribers yesterday. At 3 o'clock in the morning the Provost Marshal, in obedience to orders, suppressed our edition, as also the issue of the Journal. Our paper was worked off, and several thousand copies ready for the mail, when this order reached us. We afterwards issued a half sheet, and served our city subscribers. We are satisfied that the order was misunderstood. The telegraphic news we receive through the Associated Press is under the supervision of the government, and we find the same dispatches in the Cincinnati papers which were suppressed in our columns. They appear in our paper this morning. The news is cheering to our cause, and shows that the backbone of Secession is completely broken in Tennessee.

The EMBARGO.—We give below a copy of the dispatch received last night from the Secretary of War. From this it will be seen that the embargo was intended to be laid only upon "dangerous war news," and even on that was limited to yesterday—meaning, of course, the movements of troops, and not the results of any movements. As the embargo is removed, we shall give the news as usual, avoiding, of course, all mention of prospective or present movements, as we have generally done:

WASHINGTON, Feb. 21. Chief of Police.—The order in respect to the seizure by the police of newspapers publishing dangerous war news, was limited to papers issued this day only. (Signed) ED. M. STANTON, Secretary of War.

FORT DONELSON WOUNDED AT CINCINNATI. In the list of Fort Donelson wounded, who have been taken to Cincinnati, we find the following from Kentucky regiments:

E. H. Smith, company D, 26th Kentucky, Todd county.

G. B. Rice, company C, 25th Kentucky, Todd county.

E. Gibbons, gunboat Tyler, Shippingport. Jas. E. Spain, company I, 17th Kentucky, Short Creek, Ky.

The following also, a citizen of Jeffersonville, Ind., is there:

Silas McNeely, company I, 23d Illinois.

POLICE COURT.—Wednesday, Feb. 26.—James Martin, as a suspected felon; bail in \$200 for two months.

John Long, same; same.

Jas. Holtzow, same; bail in \$200 for 4 months.

Frank Hall, disorderly conduct and assuming mail attire; discharged.

Jackson Page (f. m. c.), for stabbing Jas. Bush; confined to Friday.

March is coming—has, in fact, come, with its blustering winds, and we shall its advent with gratitude. A few days more and there will be an end of rainy days succeeding rainy nights, slowly sideways kites—deep muddy streets, and hub deep miry roads. Troops can march, if march they must, with ease and comfort, sleep dry and warm, and throw physic to the dogs.

It is expected that the Nashville railroad will be so far in order to day, that the cars can run to the Big Barren bridge, if not into Bowling Green. A few days more, and the road will be open through to Nashville.

THENT KENTUCKY.—We are desired by Col. Harlan to say to those living in the city and immediate vicinity, who have relatives in that regiment, that they may see those relatives this forenoon on the Atlantic, at the wharf.

The remains of Wm. Hinton, the pilot of the gunboat St. Louis, who was killed while at his post aboard that vessel, at the storming of Fort Donelson, arrived at Newport yesterday.

The Secess were jubilant yesterday over the news by the clothes-line telegraph that the rebels, under Jas. Johnson, had captured Washington! Poor Secess.

FOUND.—A memorandum book, which the owner can have by applying at this office.

See advertisement of house wanted.

**THE EFFECT**—The effect of the embargo laid yesterday morning on the papers of this city was most wonderful on the Secess. "Ahs!" they exclaimed, as they moved about, with eyes glistening, breath short, and hair bristling with electricity. "Ahal! the news has come and the military authorities have suppressed it. Gen. Buell has been cut all to pieces on his way to Nashville, and his scattered forces are flying in every direction." "The startling news in a sealed packet, which the N. Y. Tribune announced as having been received from Europe by the last steamer, has been communicated to Congress, and as we all expected, the Southern Confederacy has been acknowledged by England and France."

"British and French men-of-war are now actually blockading New York and Boston, and the Yankees will feel the effects of their own tactics applied to themselves."

As these sage reports circulated, secess stock rose to an alarming high; but when the Cincinnati papers came to hand, and the favorite Enquirer was found to contain all the news out of the Louisville paper, and "nary" a word to confirm their extravagant assumptions, but dashing their high-wrought creations to the ground, their countenances fell—their hopes fell—their jaws fell—their faces elongated—their eyes clouded—their ears closed—their mouths opened—their hair lay down quite flattened—secess mercury fell to freezing point—tumbled to zero—west clear down out of sight: "O! what a fall was there."

ATTEMPTED ROBBERY.—Yesterday morning Mrs. Huston, who lives on Green street, between Sixth and Seventh, on going into her dining room, saw a man packing away into his pocket some of her silver ware. She cried out. He dropped his boot and fled. Officer Junot, getting on his track, caught him on Sixth street, when he proved to be an old offender, named Kaufman Kremer, who was lately before the Police Court on a charge of larceny, which was not quite sustained. This time he may not get off so easily. The articles he was making way with were two ladies, six tablespoons, one teaspoon and two butter knives, all of silver.

Subsequently, Officer Junot proceeded to the house of Kremer, who is a pedlar, where he found another lot of spoons, one marked "G. H." another "Niagara" and another with a flower basket engraved on the handle.

THE NEWS.—The news is better and better—and more and more glorious. Nashville is ours. Where is the "Courier"?

"Oh! where, tell me where, has Wat. Haldeman's Courier gone?"

Echo answers "where?"

Governor Harris has fled to Murfreesboro, where not he nor Beauregard, nor Johnston, nor Gid (dy) Pillow, nor thieving Floyd (he stole Buckner's horse to run away on), nor "any other man," nor all combined with all the forces they can muster, will be able to stand. Memphis is trembling like an aspen, and the throes of a new birth are on her. The down-trodden people are gathering courage, rising to their own redemption—rushing to the standard of the Union by hundreds and thousands. Mail routes and telegraph lines are opening up to enlighten them which sit in darkness—trade will soon follow, and the re-franchised people of another State now hall, with glad shouts, the coming of their deliverers.

"FRANK HALL" AGAIN.—Our readers will remember that several Sundays ago we stated that Mary Frances Hall had been arrested by officer Junot, wandering around the streets at 2 o'clock in the morning, dressed in male attire; that she gave her name as Frank Hall, and that she had come to this city as wagoner in an Ohio regiment.

Another gentleman arrived from Nashville just night, and reports that the Confederates will make another stand at Murfreesboro.

All the troops left Nashville except a police force, who were picking up a road.

Borders were closed and business entirely suspended. Secessionists were leaving with their stocks and negroes, and following the Confederate troops there, who were confined to whipping the "damned Yankees" on land, though they were no match on water.
